

Amicus Therapeutics Announces Closing of Underwritten Offering of Common Stock

June 4, 2019

CRANBURY, N.J., June 04, 2019 (GLOBE NEWSWIRE) -- Amicus Therapeutics (Nasdaq: FOLD) today announced the closing of its previously announced offering of common stock. The Company issued a total of 18,720,930 shares of its common stock, including 2,441,860 shares of common stock sold pursuant to the underwriters' full exercise of their option to purchase additional shares, at a public offering price of \$10.75 per share.

The gross proceeds from the offering to Amicus are expected to be \$201 million, before deducting underwriting discounts and commissions and offering expenses payable by Amicus. J.P. Morgan Securities LLC, Goldman Sachs & Co. LLC, and SVB Leerink LLC acted as joint book-running managers for the offering.

The Company expects to use the net proceeds of the offering for investment in the development of the expanded gene therapy pipeline, manufacturing capabilities for Pompe biologic AT-GAA and gene therapy product candidates, including contract manufacturing partnerships, completion of the design and build of the Amicus Process Science and Gene Therapy Manufacturing facility and for other general corporate and product development purposes.
